CFA Board Experience: I am honored to have served our community as Treasurer of the Cat Fanciers' Association and Chair of Strategic Planning, Budget, and Audit. These positions reflect my dedication to transparency, accountability, and the financial well-being of our association. Through these roles, I support every financial decision that strengthens CFA's foundation and supports our shared goals.

Global CFA Judging Experience: My global experience as a CFA judge has provided me with a unique perspective on our organization's impact, diversity, and innovation. Judging CFA shows around the world has deepened my appreciation for the passion and commitment of our members and has inspired me to promote excellence and fairness at every level.

Ongoing Commitment as a Breeder and Exhibitor: I remain actively involved as a breeder and exhibitor, which keeps me connected to the shared experiences, challenges, and aspirations of our members. This ongoing engagement allows me to advocate for practical, member-centered improvements within CFA and ensures that our leadership remains rooted in the realities of the fancy.

Service as the Treasurer of EveryCat Feline Health Foundation: In addition to my CFA responsibilities, I serve as Treasurer for EveryCat Health Foundation, supporting groundbreaking research to advance feline health and well-being. This role enables me to bring insights from the world of feline science into our CFA programs and to champion the importance of research and education for the benefit of cats and their families.
